

Batch's Design Consultations

By Jules from Batch's Furniture.

“Buy once and buy well” certainly rings true when it comes to furniture and interior design products. While it may sometimes seem a little extreme to factor in the pricier high-quality items, in the long run you will find that it makes sense to invest in the best you can afford.

Our trained stylists at Batch's Furniture can visit you at home, or work from photographs and floor plans. They'll offer expert advice and guidance, providing you with mood boards, colour palettes, furniture recommendations and a final proposal that will bring your dream home to life.

As experts in the field, the Batch's team can guide you through all the important design decisions for your home helping to reflect both your style and practical needs. From helping you select the correct sofa fabric to leading you through the styling process, we understand the challenges associated with decorating and renovating your home.

These services can range from styling a complete interior for you, or simply freshening up targeted zones within the home.

At the end of the day, your home should be your sanctuary, a place to unwind, escape and recharge. It should reflect you and all that is important to you.

To book an in-home consultation or to simply chat to one of our design team, call Batch's Furniture on (03) 5339 9023 or email sales@batchs.com.au
